

British Gynaecological Cancer Society (BGCS) Annual Trainees and Trainers Meeting
14th January 2022

The BGCS would like to invite all subspecialty registrars, specialty registrars and trainees with an interest in gynaecological oncology along with Gynaecological Oncology Trainers to the Annual Trainees and Trainers Meeting on 14th January 2022. Due to the rapidly changing COVID situation, we have made the decision to move the meeting to a virtual platform only.

The meeting will include high quality lectures on current topics in gynecological oncology and presentations with panel discussions on training matters.

The morning sessions will be for all attendees, with parallel sessions for trainees and trainers in the afternoon. There will be breakout sessions for those considering subspecialty training in gynecological oncology an opportunity to meet Subspecialty Training Programme Directors from across the country, and for those coming to the end of their GO subspecialty training to discuss career progression.

To register follow the instructions linked to this email. The cost of the meeting for trainee BGCS members is £10 and £20 for non-BGCS members. Consultant cost is £30. The meeting will be run on MS Teams, with links for the sessions sent to registered delegates.

Warm wishes

Dominic Blake - Trainees Representative & Elly Brockbank - Chair BGCS Training Subgroup
