SURGICAL®

5th-6th July 2022

Fee: £1,350

BGCS Preconference Advanced Robotic Skills Course

This 2 day robotic hands-on cadaveric course is an exclusive opportunity to enhance your knowledge and skills. Aimed at gynaecologists or senior registrars with early experience in robotic surgery, the course combines hands-on workshops, simulators, theoretical lectures and videos.

Expert faculty includes:
Marielle Nobbenhuis, London
Nahid Gul, North West
Mike Smith, Manchester
Simon Butler-Manuel, Guildford

Focus will be on hands-on practice for radical hysterectomy, ureterolysis, pelvic and para-aortic lymph node dissection, sentinel lymphnodes, pelvic sidewall dissection, nerve sparing and anatomy of upper abdomen.
