

Advanced Course in Robotic Gynaecological
Surgery **Date: 23 & 24 -10-2025**

Programme Details

Welcome

The Gynaecological Oncology Department at the Royal Surrey NHS Foundation Trust and INTUITIVE Surgical take great pleasure in welcoming you to Our Second Annual Advanced Course in Robotic Gynaecological Surgery on the 23rd and 24th of October 2025. The advanced course is endorsed by the British and Irish Association of Robotic gynaecological Surgeons (BIARGS, The Society of European Robotic Gynaecological Surgery (SERGS) and hosted by Intuitive Surgical.

This 2-day advanced program is aimed at gynaecological surgeons with experience in robotic surgery who wish to progress to intermediate or advanced robotic gynaecological surgery. It aims to improve the knowledge and skills of surgeons in advanced robotic gynaecological surgery through demonstrations of decision-making, surgical tips and tricks, live surgery, complications management, and training pathways.

Teaching Format

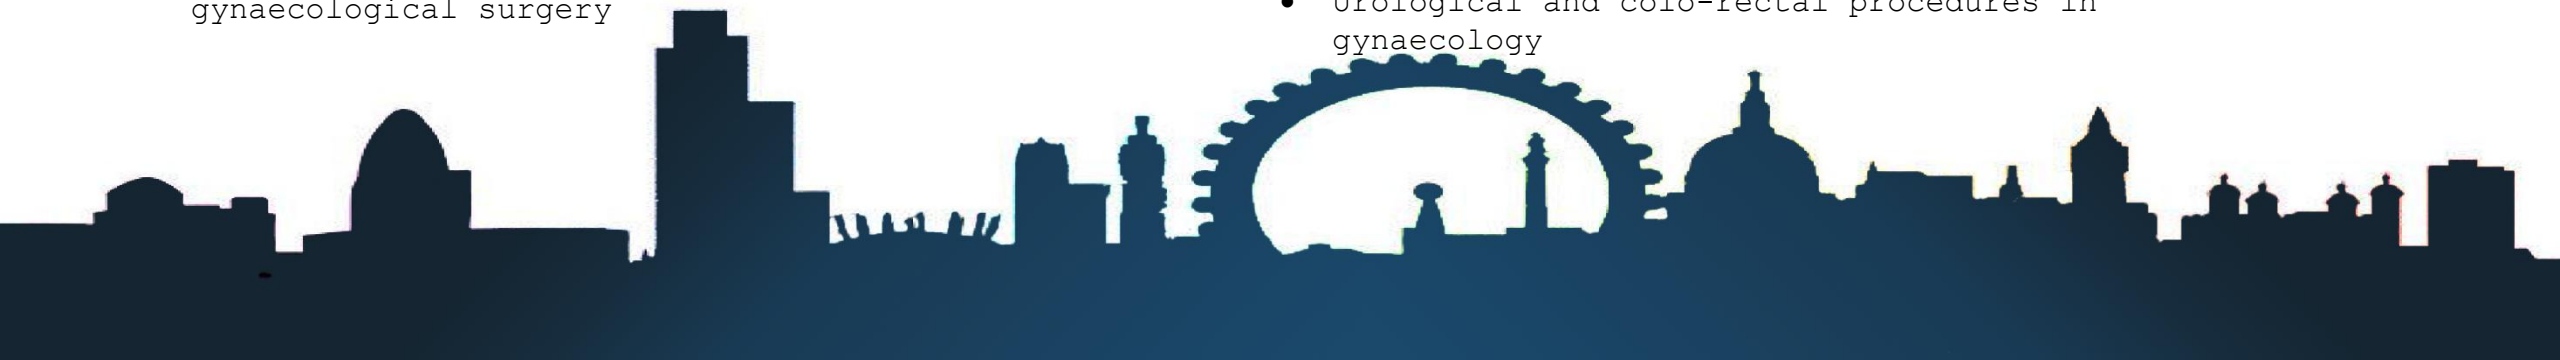

The following topics will be covered:

- Advanced surgical pelvic anatomy
- Multidisciplinary team approach for complex gynaecological surgery

- Live Surgery
- Tips & Tricks tutorial videos that are organ-specific with varying degrees of complexity.
- Intuitive representation with training pathways and accreditation processes explained.
- Capturing prospective data, auditing, and monitoring setup

The following procedures will be included:

- Myomectomy and hysterectomy for uterine fibroids
- Ureterolysis for endometriosis and gynaecological cancers
- Pelvic clearance for endometriosis
- Radical hysterectomy
- Sentinel lymph node dissection
- Pelvic and para-aortic lymph node dissection
- Ovarian transposition
- Infracolic and supracolic omentectomy
- Radical vaginectomy
- Diaphragmatic and peritoneal stripping
- Urological and colo-rectal procedures in gynaecology

- Total pelvic exenteration for gynaecological malignancies
- Ovarian cancer interval debulking surgery - MIRRORS protocol

Registration

Up to 50 participants

Registration fee - £450

Members of SERGS, ESGO, BIARCS, BGCS - 400£

Virtual attendance - £200

We welcome both local and international delegates.

Live Surgery Session – 1

- o **Upper abdominal proceures (MIRRORS & MIRRORS-FROZEN procedures)**
Mr Simon Butler –
Manuel – Consultant
Gynaecological
Oncology.
- o **Neuropelveology & endometriosis**
Miss Nahid Gul
Consultant
Gynaecological
Robotic & Surgeon

13:15 - 14:15

Lunch Break

17:30 - 18:00

Data base and capturing robotic outcomes

Mr Anil Tailor -
Consultant Gynaecological Oncology

Robotic surgery in obese patients-
Learning curve and pitfalls

Miss Hersha Patel -
Consultant Gynaecological Oncology

Closing remarks & Drinks

Prof. Jay Chatterjee -
Consultant Gynaecological Oncology

14:30 - 17:30

Live Surgery Session - 2

o **Sentinle lymph node and pelvic side wall dissection**

Prof. Chatterjee -
Consultant
Gynaecological Oncology

18:00 - 18:30

o **Urological procedues - cystectomy**

Mr Dimitrios Moschonas -
Consultant Urological Surgeon

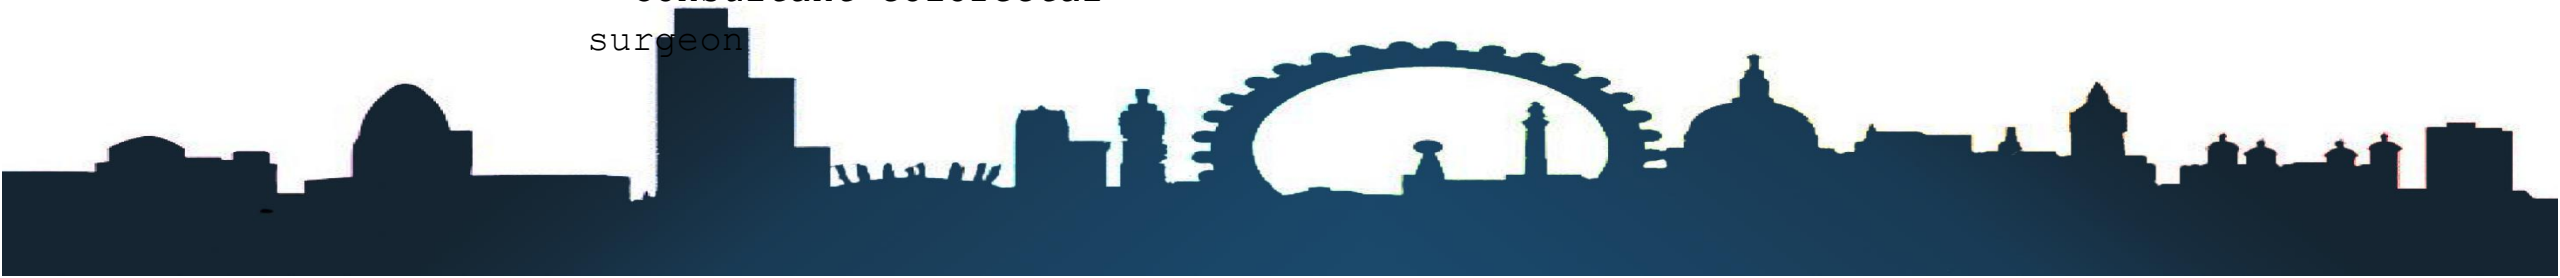

18:30

o **Colorectal procedures (bowel resection and anasatmosis)**

Mr Andrea Scala -
Consultant colorectal surgery / Mr Ian Jordan -
Consultant colorectal surgeon

(Including Coffee Break)

**This session includes video demonstration of Sentinle lymph node injectiotion technique, overlying anatomy snippets and expert anatomy commentary by Professor Selcuk

Day 2 24th of October, 2025

08:00 -08:30

Registration

08:30 - 09:00

**BIARGS and becoming an
accredited robotic
surgeon and trainer**
