

Care of the Critically Ill Surgical Patient (CCrISP®)

21-22 May 2026

**Northern Gynaecological Oncology Centre
Gateshead**

In conjunction with the Royal College of Surgeons, we would like to invite you to the CCrISP® course - A two day interactive course that will focus on developing the practical, theoretical and personal skills necessary for the care of the critically ill surgical patient.

Objectives:

- Adopt a structured, comprehensive approach to managing surgical patients
- Judge which patients are at most risk and plan to reduce their risk of adverse outcomes
- Recognise the deteriorating patient
- Model your non-operative technical skills in a safe environment

Special features of the course:

- Interactive
- Demonstrations of patient assessment and management
- Small group sessions
- Practice clinical scenarios and practical skills acquisition
- Data interpretation and role playing
- High faculty-to-participant ratio
- Number of candidates limited to 16
- Dynamic faculty
- Breakfast, lunch and refreshments
- Course dinner

This is an assessed course and a certificate of completion will be awarded to successful participants.
